Brand

Who are we?

At MAIRIN we believe every woman deserves access to reliable information about her health, no matter where she lives, what language she speaks or what stage of life she is in.

We are a digital women's health app that supports women holistically from adolescence to menopause, through science-based education, self-care tools and a network of certified professionals.

More than an app, MAIRIN is a community that turns misinformation into knowledge, knowledge into confidence, and confidence into well-being.

Our goal is to remove economic, geographic, cultural and language barriers, offering inclusive content in Spanish and Miskito, along with audio features, to reach more women.

Because taking care of your health starts with understanding your own body.

Mission

To accompany every woman through every stage of her life with reliable information, practical tools and close support, so she can make informed decisions about her health, take care of herself with confidence and break down the barriers created by misinformation. We believe every woman deserves to feel heard, understood and supported, no matter where she lives, what language she speaks or what stage of life she is in.

Vision

To be the most trusted and inclusive women's health app in Latin America, transforming the way women live and understand their health. We aspire to build a community where knowledge replaces myths, self-care is part of everyday life, and no woman faces the changes in her story alone.

Naming

The brand name is built on a simple, clear concept that conveys warmth and closeness and is easy to remember. MAIRIN means "woman" in Miskito, reinforcing the connection with the brand's identity and purpose.

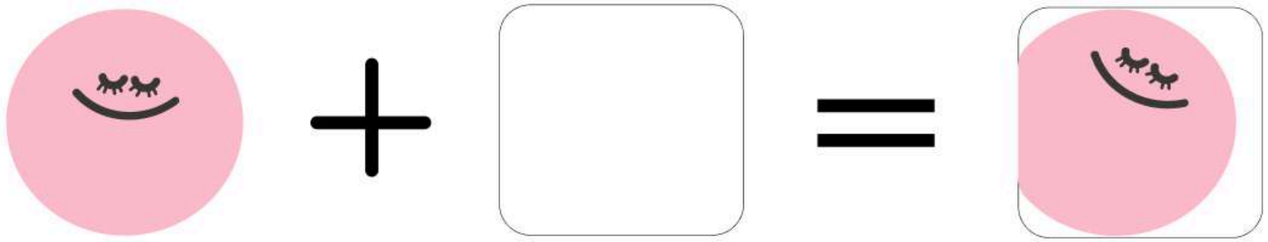

This identity is strengthened by the concept of "Acompañamiento femenino" (women's health companion), which sums up the brand's purpose: to accompany every woman with reliable information, constant support and a community that grows with her.

Identity

Corporate Typography

Typography is also a vital part of the logo. The MAIRIN name uses League Spartan for its geometric, modern and solid style. It is also used for the slogan, titles, buttons and interface.

Montserrat and Open Sans are used for long texts, educational articles and informational content, because they are easy to read on mobile devices and convey closeness and innovation.

Corporate Colors

MAIRIN's color palette was chosen to convey closeness, trust and well-being. Pinks and magentas represent femininity, support and the strength of women at every stage of life. Neutral colors such as white, black and soft tones bring balance, clarity and accessibility, creating a warm, modern visual experience that is easy to navigate within the app.

Graphic Elements (icons)

Exclusive decorative elements were created for MAIRIN to complement the visual spaces of the app's interface. Each illustration is designed to represent, in a subtle and friendly way, the function or topic of the screen it appears on, strengthening the brand identity and improving the user experience.

At MAIRIN we believe that to accompany is also to transform. Our brand was born to bring scientific, accessible information adapted to the reality of Nicaraguan women, promoting self-care, prevention and well-being at every stage of life. Because when a woman knows her body, takes care of her health and grows with confidence, she also strengthens her family, her community and the future of Nicaragua.
